These building blocks come together in motion practice. This class will address the intricacies of motion practice and cover, among other issues, such matters as memoranda of law in support, reply and sur reply memoranda, the technical rules related to motions, oral argument, motion tactics and strategies, research issues related to motions, discovery motions, ethical issues, appellate court motion practice, and motions in class action litigation. Motions to dismiss, motions for summary judgment and motions in limine will also be addressed in a way that supplements and builds on concepts addressed in Civil Procedure and Pre-Trial Litigation Drafting. <i>Prerequisites: First-year required courses</i>	Slade	August 17, 18, 19, 20 MTWR 9:00am-12:00pm with a 15 minute break & 1:00pm-4:20pm with a 15-minute break	August 21, 9:00am- 11:00am	505
