   a. A change occurred to Trial Practice for Mock Trial from a pass/fail course to a graded skills course. The purpose of the proposal is to encourage students to be fully engaged and prepared for the course. All other Trial Practice sections will remain pass/fail
   b. The grade distribution language now reflects the new legal writing curriculum that is being implemented in spring 2016. Transactional Drafting Practice has been moved from the skills curve to the same curve as Pretrial Litigation Practice. Now that students will have the option of taking either Pretrial Litigation or Transactional Drafting, these courses should be on the same curve.
   c. All other changes simply reflect the new names for the LP courses.
