Following this overview, students would be given pre-sentence reports (PSR) (based on real cases) which contain all the information necessary to arrive at a lawful sentence. The PSR contains information about the crime itself, the characteristics of the defendant such as family background, education, employment, substance abuse, etc., the application of the Federal Sentencing Guidelines and other relevant information. We would then conduct mock sentencings at which students would marshal the information contained in the PSR to argue on behalf of either the government or the defendant for an appropriate sentence.
