Immigration Considerations for the Criminal Defense Attorney (CANCELLED)	FL-INFL-316N	+	IMMIGRATION CONSIDERATIONS FOR THE CRIMINAL DEFENSE ATTORNEY: This course will provide a basic primer for the criminal attorney who represents an alien. The American Bar Association's Standards for Criminal Justice state " defense counsel should determine and advise the defendant sufficiently in advance of the entry of any plea, as to the possible collateral consequences that might ensue from entry of the contemplated plea." Students will learn to identify how small nuances in pleas can make a huge difference as to whether the client faces future deportation because of the arcane and specialized language used in immigration law. Specifically, students will learn to identify the immigration category of the charged crime; spot potential adverse immigration consequences resulting from convictions and "no contest" pleas such as ineligibility for a future visa, "green card", naturalization and deportation and removal; and be prepared with solutions for your client by avoiding a conviction, making a plea that doesn't trigger immigration consequences, as well as how to ameliorate any such consequences. This class is not an "immigration law" class; it is designed to help a criminal attorney effectively defend his clients who happen to be aliens.
